- Responding in a positive way to questions asked by the reception staff
- To attend appointments on time or give the practice adequate notice that they wish to cancel. Please remember, someone else is always waiting for your appointment
- An appointment is for one person and one problem only - where another member of the family needs to be seen or discussed, another appointment should be made. If you wish to discuss more than one problem, please request a double appointment to avoid disappointment and so as not to keep other patients waiting
- Patients should make every effort when consulting the surgery to make best use of nursing and medical time - home visits should be medically justifiable and not requested for personal ease or social convenience.
- When patients are asked to give 48 hours' notice for repeat prescriptions, please give us this time to allow for accurate prescribing.
